Features

- Retains functionality of Factory-installed Navigation System for passenger access at anytime.
- Allows the use of the HDMI input while in motion.
- Plug and Play Installation.

Note

- Compatible with HondaLink® Next Generation radios only.

Parts Included**Installation Instructions**

1. Remove the factory radio from the dashboard.
2. Remove the factory connectors from behind the factory radio.
3. Mate the T-Harness connections to the factory connectors and the VIM module. (Make sure all connectors are properly seated into the interface and into the radio.)
4. Set DIP1 to ON and the rest to OFF.
5. Test the interface before re-install the radio into the dash.
